#### AGAINST PEEKABOO WAIST.

Dean of Women Favors Large Shoes, Low Necks and Round Garters.

Madison, Wis., July 28.--In a lecture at the state university Miss Abbey S. Mayhew, dean of women at the University, condemned the peekaboo waist, tight lacing and petticoats. Large shoes, low necks and round garters were favored. She said:

"We are never going to be free so long as we wear petticoats. Woman will never have perfect freedom unless she wears a gymnasium-like costume. I am not advocating this step for the present day, but perhaps in a century we shall grow to it."

## FOSTER'S WEATHER BULLETIN.

(Copyrighted 1906, by W. T. Foster.)

Washington, D. C., July 28.—Last bulletin gave forecast of disturbance to cross continent 30 to August 3, warm wave 29 to August 2, cool wave August 1 to 5. Next disturbance will reach Pacific coast about August 3, cross west of Rockies by close of 4, great central valleys 5 to 7, eastern states 8. Warm wave will cross west of Rockies about 3, great central valleys 5, eastern states 7. Cool wave will cross west of Rockies about 6, great central valleys 8, eastern states 10.

The important feature of this disturbance will be the great rise in temperature it will inaugurate and the decrease of showers in the drought districts of the great corn producing states.

Among the most severe storms of August will occur as this disturbance crosses the continent and it will be a good time to avoid excursions on water.

I expect temperatures of August to average much above normal in the Ohio valleys, the middle Mississippi and lower Missouri valleys, in vicinity of lower lakes and of Lake Michigan and on Pacific slope. Elsewhere generally below normal temperatures are expected.

I expect a severe drought in the principal corn section during August. Draw a line from St. Louis by way of Dodge City, Omaha, Des Moines, Peoria, Cincinnati, Cairo and back to St. Louis and within that circle will occur a great drought that will cut down corn crop conditions to 25 per cent below those at same time last year.

Elsewhere rainfall will be from about normal and even within the marked drought section some places will have almost enough rainfall to make a fair corn crop.

The corn crop conditions in southern states will probably continue good and the government crop report as to them a good percentage better than 1905. But farmers should not permit the deceptive, pernicious methods of these reports to deceive them. The method of making these reports whereby 12 per cent above, on one-tenth of the corn that produced in the southern states overbalance 10 per cent below on nine-tenths of the corn crop that produced in the mid-latitude states of the great central valleys as made out for June by the government crop reports should be ridiculed, scorned, exposed by all who believe in competent, honest reports. I still advise farmers not to sell corn at less than 60 cents, Chicago markets.

### SCIENCE NOTES

Near the southern end of Hudson bay is a secondary magnetic pole and the storm centers of North America move in a semicircle around and south of that magnetic center. The latter seems not to be entirely stationary, and if the U. S. weather bureau would determine the variation of that magnetic pole it might aid in forecasting the paths of storms across the continent.

The scientific world has taken on a boom favorable to long range weather forecasts. The possibility of their success is no longer doubted. All the magazines are discussing the subject and the U. S. weather bureau is being pressed to begin the work—the month-in-advance forecasts. Mean time Foster's forecasts made 70 per cent good—practically perfect for agricultural purposes for six months out of the past eight.

## LIEUTENANT IS SHOT

Navigating Officer of Chattanooga Msets Untimely End.

## ENGLAND SOON DIED

Was on Bridge of Cruiser In the Harbor of Chefoo When Bullet Fired From French Vessel Hit Him.

Chefoo, July 28.—Lieutenant Clarence England, navigating officer of the United States cruiser Chattanooga, was wounded at about noon Saturday by a rifle bullet fired by a member of the crew of the French armored cruiser Dupetit Thouars and died at 6 o'clock in the afternoon.

The Chattanooga, with Lieutenant England on the bridge, was proceeding from the harbor to the target range just outside, and was passing a French squadron, which was anchored near the American squadron and was engaged in small arms practice. The Chattanooga, after several bullets struck her side, signaled the Frenchmen to cease firing, but before this was accomplished Lieutenant England was struck in the back at the base of the spine, probably by a ricochet bullet, which left his body under an arm.

The crew of the Dupetit Thouars later continued practice from the deck of the cruiser. Their fire was directed at a target in the water, differing from American practice of landing men on Baren Island, at the entrance of the harbor. The French squadron here consists of nine ships and the American seven.

At Roxton, Tex., Mrs. C. R. Huckabay died from injuries sustained while skating six weeks ago.

### REGRET EXPRESSED.

Dead Navigating Officer Was Appointed to Annapolis From Arkansas.

Washington, July 28.—Great regret was expressed at the navy department upon receipt of the news of the shooting of Lieutenant England, navigating officer of the Chattanooga at Chefoo. He had a number of friends among the officers here and a brother, Captain Lloyd England, of the artillery corps. His father, J. E. England, lives at 809 Rock street, Little Rock, Ark.

Lieutenant England was appointed from Arkansas in 1890 to the naval academy and became a lieutenant in 1902. He had been on the Chattanooga since 1904. Naval officers here believe the shooting was entirely accidental, and it is expected that the French officials will make ample apologies.

Many naval officers have had experiences which show such accidents could occur. One related an experience he had when American vessels were practicing with subcalibre tubes and several shots struck near him. Next day the surgeon informed him that he had cut a bullet out of one man which was buried in the flesh of his back four inches deep. He belonged to the watch below and came on deck to get some fresh air and laid down and went to sleep. He was awakened by what he thought was the prick of a pin and turned struck an apprentice boy near him, thinking the boy had been up to mischief. Next morning he went to the surgeon complaining of a pain in his back and upon examination the surgeon found a bullet.

Miss Hutson's article is headed "The Curb-Bit," and it shows that she has made a close study of the subject and has mastered it almost as thoroughly as did Ida M. Tarbell the subject of Standard Oil.—Houston Chronicle.

Miss Alice Fountain entertained a few couples of friends in a pleasing and informal way Monday evening at the home of her parents, Dr. and Mrs. H. L. Fountain. Music, conversation and iced refreshments made the hours pass most pleasantly. The guest prize, a beautiful fan, was presented to Miss Sadie Webb. Upon their arrival the guests were refreshed with ice grape juice, pink and white peppermints were passed during the game and afterwards sherbert and lady fingers were served.

The "Many Merry Maids" were hospitably entertained Tuesday afternoon at five o'clock at the handsome new home of Mr. and Mrs. C. C. Shelburne on the west side of town. Their little daughter, Miss Mary Shelburne, acted as hostess. After the hour had passed for the usual needlework the hostess announced that she had a game for the enjoyment of her guests and gave each one present a handkerchief to be hemstitched. Miss Stella Johnson was the successful contestant and was presented a pair of scissors by Miss Mary James. The consolation prize fell to Miss Lila Adams and was presented by Miss Dorcas Parker. Cream and cake were served.

A lovely announcement dinner was given Thursday evening at the home of Mrs. F. I. Garth complimentary to Miss Nonie Adams. The table was a dream of beauty. The color scheme was white and green. Hanging from the electrolier, tied with green was a basket of clamatias and fern leaves. Under this basket and in the center of the table was a bank of white lilies. Extending from the basket were eight green ribbons, one reaching each cover. At the bride's plate was a diamond engagement ring, significant of the occasion. The young ladies present were Misses Nonie Adams, Alberta Adams, Jessie Garth, Cora Garth, Lilla Graham McInnis, Emily Thomas, Marie Adams, Helen Bittle. On this happy occasion the announcement was formally made of the marriage of Miss Adams, daughter of Major and Mrs. Cliff A. Adams, to Mr. Eugene A. Heyck of Houston, a young man prominent and popular in leading business and social circles of that city. At the conclusion of the dinner the young men were ushered in and the announcement was made in a toast to the bride to be, Miss Adams, by Mr. O. E. Saunders. The following young men were present: Messrs. O. E. Saunders, Henry Robinson, Sam Wilson, Robt. Howell, Curtis Oliver, George Brandon and Roger Astin. The following announcement appeared in the Houston Post:

Announcement of a very interesting nuptial event was made in Bryan Thursday evening when Mrs. T. K. Lawrence entertained with a handsome dinner of eight covers in honor of Miss Nonie Adams. The motif of the entertainment, which was a complete surprise to the assembled guests, was the announcement of the engagement of Miss Adams to Mr. Eugene A. Heyck of Houston.

Miss Adams, who is a very popular and accomplished girl, socially prominent throughout the state, has visited Houston frequently, the guest of Mrs. J. Allen Kyle and Mrs. Eugene C. Blake, and her numerous friends will be interested in the formal announcement of her engagement. The marriage, which will be one of the autumn's events of social import, will be celebrated at the home of the parents of the bride-elect, Mr. and Mrs. C. A. Adams, and as Mr. Heyck is a resident of Houston, of course the couple will live here.—Houston Post.

## NEGROES ARE LYNCHED

Couple Taken From a Sheriff and Swung From Tree.

## RIDDLED BY BULLETS

Previous to Meeting Their Fate the Men Confessed That They Took the Life of a Turpentine Operator.

Tampa, Fla., July 28.—John Black and Will Hagins, negroes, were lynched by a mob of 200 men near Fort Gardner, Polk county. The negroes killed Ed Granger, a white turpentine operator, it is alleged, without provocation, and were captured by Sheriff Wiggins and three deputies near the scene of the killing a few hours afterward. The mob halted the sheriff and posse and took possession of the prisoners. Both confessed, and were hanged to a nearby tree, being afterward riddled by bullets. The mob immediately disappeared.

### POINDEXTER SWINGS.

He and Another Negro Charged With Killing Couple of Persons.

Plaquemine, La., July 28.—Robert Poinexter, a negro, was hanged here Friday. He and Black Diamond Rigby, another negro, shot and killed two members of the Bueto family last winter. Recently, while the two were being brought here by train for hanging, Rigby fatally wounded Sheriff Pettit, his guard and was himself shot dead by a passenger.

### TOOK RIGHT COURSE.

This is Apparently the View Taken by the Emperor of Russia.

St. Petersburg, July 28.—The emperor is apparently convinced he took the right course in suppressing parliament. Members of nobility enjoying personal relations with the sovereign, who saw him Thursday, informed the Associated Press Friday that the emperor displayed exceptionally high spirits. Two weeks ago when he was seen the emperor seemed to be under great mental stress over the situation, but with parliament off his hands and the government again free to pursue its own policy a great burden appeared to be lifted from his shoulders. The original plan of creating an advisory council having been broken down by Premier Stolypin, the purpose is to form a reorganized cabinet containing non-bureaucratic elements, which will be able to introduce a policy of strong handed reform proclaimed by the government.

### CAME TO NAUGHT.

Constitutional Democrats Said to Have Been Won Over.

St. Petersburg, July 28.—The efforts of the Revolutionary parties, except the Rightists, in the late lower house of parliament which, at the proper moment, were to proclaim a provisional government, came to naught Friday owing to the opposition of the Constitutional Democrats, who apparently are afraid of compromising themselves, while one wing, headed by M. Naboukoff, showed that they already had been won over to the side of the ministry against the programme of open revolution.

The printing establishment of the suppressed journal, the Echo, where thousands of copies of the Viborg manifesto were being surreptitiously printed, was closed by the police. The Socialists, who were preparing to issue a revolutionary paper from the establishment, are now planning to print it by force in one of the regular printing plants.

### FRIGHTFUL DEATH.

By Accidental Discharge of Shotgun Load Enters Brown's Head.

Temple, Okla., July 28.—Rode A. Brown came to his death by the accidental discharge of a shotgun in his own hands. The load entered his head just above the left ear, tearing it off. He was unconscious until death, which came two hours later. His family consists of a wife and one child.

### JAILED AND FINED.

Negro Postmaster Convicted of Selling Gent Ginger.

Muskogee, July 28.—J. A. Watley, a negro, postmaster at Lee, I. T., pleaded guilty to selling bitters known as Gent Ginger, and was given thirty days in jail and \$10 fine. The court has held in the past that this drink is intoxicating.

### Three Mishaps.

South McAlester, July 28.—There were three accidents in the mining belt Friday. Frank Jones of Halleyville got his leg cut off by a switch engine at Halleyville. ### Bank Closes Doors.

Rush Springs, I. T., July 28.—Bank of Rush Springs has closed its doors. E. S. Burney is receiver. Liabilities are estimated to be about \$30,000, and assets about \$15,000. Ed F. Johns of Chickasha will organize a national bank here at once.

Louisville, July 28.—Cornelius Johnson, a negro, was hanged here Friday for the murder a year ago of Conrad Kaiser, white, a saloonkeeper.

### Heavy Rain Fell.

Denison, July 28.—A heavy rain fell Saturday in this section.

### POLLARD'S BUSY DAY.

Assistant Attorney General Had Many Long-Distance Telephone Inquiries.

Austin, July 28.—Office Assistant Attorney General Pollard remained at the attorney general's department all day Saturday and was besieged during the day with long distance telephone calls and telegrams asking for constructions of the Terrell election law. During the morning he ruled that it is mandatory that a county chairman be elected by different counties at primaries Saturday. He said that many hundreds of votes would be lost on account of provision of law which requires a voter who has moved out of a precinct or ward to give five days' notice to the tax collector and get corrected poll tax receipt.

Suits were filed in the district court by the International and Great Northern, Katy and Houston and Texas Central railways against G. Theede and R. Y. Reed, alleged ticket brokers, enjoining them from selling scalpers' tickets. A temporary injunction was granted by Judge Calhoun of the Fifty-third district court.

### JAPAN AND KOREA.

More News Brought of Efforts to Force Latter Into Subjection.

Victoria, B. C., July 28.—The steamer Rhenian, which has arrived from Japan, brought news of further Japanese action to force Korea into subjection as a protectorate of Japan in furtherance of the treaty secured illegally last November Japanese troops have been placed in charge of the Korean palace and entry other than permitted by the Japanese troops Marquis Ito demanded an audience with the emperor and they were together five hours. Immediately afterward orders were issued by the emperor, obviously by Japanese domination, for court reform. Rumors are current that it is the intention of the president general to depose the emperor if he did not submit Japan's demands and substitute Prince Wio-Hwa.

One reason for guarding the palace is that Japanese troops are to prevent the dispatch of the emperor's advisers to the anti-Jewish junta in Shanghai and Vladivostok and to frustrate anticipated Russian intrigue.

### TRAIN ATTACKED.

Bandits Secured Large Sum and Arms of the Defenses.

Warsaw, July 28.—A passenger train carrying government money and guarded by a detachment of soldiers and gendarmes was attacked Saturday between Czenstochowa and Harle by a well armed band. Lively firing ensued, during which two gendarmes, four soldiers and two civil employees were killed and other guards wounded. The attacking party carried away \$8,000 and the arms of the defenders of the train. It is probably the same band which captured a train on the 26th.

The country is said to be in a ferment and in sympathy with guerrilla bands. The small force of troops operating in the district will be enforced.

### HEARST NOT NAMED.

Parker Mentions Several Whom He Thinks Available Candidates.

Utica, N. Y., July 28.—Former Judge Alton B. Parker, in an interview here Saturday, discussed the coming state election. He declared that the Democratic party is rich in men who could fill the office of governor, and mentions among others former Judge D. Cady Herrick, the party's nominee at the last gubernatorial election; John B. Stanchfield of Elmira, Mayor Adams of Buffalo, Francis Burton Harrison of New York City, John G. Millburn of Buffalo, William Church Osborne of Putnam county and District Attorney William Travers Jerome of New York.

### HOT RECEPTION.

Peasants Fight Dragoons With Various Agricultural Implements.

Proskuroff, Russia, July 28.—Near the village of Chernipoff a detachment of dragoons sent to arrest to agitators were met by a crowd of peasants armed with scythes, rakes and pitchforks. In the fighting which followed five peasants were killed and twelve dragoons wounded, three of them fatally.

### AWFUL CLOUDBURST.

Several Persons Drowned and Much Property Damage Inflicted.

Ancona, Italy, July 28.—A cloudburst devastated the Camerino region. The village of Castel St. Angelo suffered the most seriously. A number of buildings there fell, and water, forcing an impetuous torrent, carried off and drowned from five to ten persons.

### Terrorized by Black Hundreds.

Kazan, Russia, July 28.—Black Hundreds here are terrorizing the intelligentsia and Jews with threats of an uprising. Many houses have been marked with a cross and Jews are seeking safety in flight.

### May Prove Mortal Wound.

Madrid, July 28.—Captain Castello of the artillery, son of General Castello, was dangerously and probably mortally wounded in a duel with swords fought with Senator Arroyo. The latter fled.

### Wins Back Title.

Sydney, N. S. W., July 28.—George Towns won back the title of world's champion sculler and also won \$2,500 by defeating James Stanbury on Par-mitta river course three miles and 330 yards, which was covered in 19 minutes 53.15 seconds. Towns won by twenty lengths.

### No Business Transacted.

Austin, July 28.—No business was transacted Saturday at the statehouse.

### SEVEN DAYS' SERVICES.

Fee of Dr. Billings Believed One of the Largest of Kind on Record.

Chicago, July 28.—Dr. Frank Billings filed in the probate court a sworn claim for \$25,000 against the Marshall Field estate. The bill is for seven days' professional attendance on Mr. Field in a New York hotel when the latter was suffering from the attack of pneumonia that caused his death. The fee is believed to be one of the largest ever charged by a physician in the United States for services that did not include the performance of a surgical operation. It has been announced that there is no intention on the part of the trustees of the estate to contest the claim of Dr. Billings. They readily accepted service for the papers in the case.

### SETTLES IN FULL.

The Eagle Insurance Company to Pay Every Loss It Sustained.

San Francisco, July 28.—R. R. Manners, adjuster for the Eagle Insurance company testified before the grand jury that within the last week he had received advices from New York to the effect that he was to have the power to settle all claims in which it decided the company liable at 100 cents on the dollar. He told the grand jury a few days ago he had been instructed to pay not over 75 cents. His first instructions were 50 cents. Manners proposes to settle the claims at 100 cents, except those in which the company's counsel, H. C. Quinby, who also testified before the grand jury, says there is doubt as to the company's liability. The grand jury considers this a distinct victory for policy holders which resulted from the investigation begun by the jurors.

### COLNER NO MORE.

Louisville, July 28.—Captain Wesley Colner of New Albany, Ind., known personally or by reputation to almost every river man on the Mississippi, Ohio and tributaries, died of senility at his home in New Albany. ## Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Mr. D. Kaible, of Nevada, O., says: I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me.
